Resumption of exchange visits
commence in
October 2023

We were very excited to visit our friends in Villerest after what felt a very long period of time during Covid with many restrictions and challenges.

We were also very lucky to see our friends from Cerrione. Adults and children came by coach for this special event. An over due procession by the Italian Mayor for the Inauguration of the Place de Cerrione with its celebratory Band.

We enjoyed another lovely visit to Roanne, Charlieu and the silk museum.

In our absence a newly built building, La Papeterie accommodating approx 200 people had been built. To round off our visit they held a gala evening with cabaret.
