

Storrington & District Twinning Association Spring Newsletter

Newsletter 2024

We were very excited to receive our friends from Villerest on 19-23rd June after such a long absence. As always we are very thankful to our members offering accommodation or just helping with transport during this short time.

We really pushed the boat out with a canal trip in Chichester followed by lunch at Chichester Marina. We timed the visit to coincide with the tides to watch several boats enter and exit during this period.

A visit to Bored Hill garden open day with live music, wine tasting and of course the wonderful gardens in full bloom did not disappoint. We also visited Nyman's Garden. Our evenings were spent at different restaurants including our in-house BBQ and supper evening to bid farewell to our guests.

Unfortunately we did receive news that Michel Derrinck, the President of Jumelage was standing down from his role after many years in the position due to health reasons. Although no longer the President he will continue to attend the functions. We wish him all the best in retirement.

Now that the Twinning is up and running may I remind you that your membership renewal fee is due. It is still only £5 per single and £10 per family. We do not receive any funding and whilst our French guests are visiting we pay for their outings, food etc. and since we have been unable to fund raise or book functions during the Covid years our funds need topping up.
